Good Morning and Happy Election Day,

Hopefully, everyone's election day is off to a great start. We will send you important reminders throughout the business day. Here are the first reminders:

1. Please send in a Help Request ticket and copy election.incidents@ncsbe.gov and your SBOE partner if any polling site did not open at 6:30 a.m. You should include a preliminary incident report. Be sure to include the location of the site, why the site was not opened on time, how long the site was not open and how many voters, if any, left without voting.
2. You must follow this protocol if voting is interrupted for longer than 15 minutes at any time during the voting day.
